**PACKING  
GUIDE**

The team at ANTAR are glad to loan these hands out to you for a good cause. We have packed them for ease of convenience both on your end, and ours. We appreciate your help in keeping the hands and posts packed as per these instructions.

## Unpack & Set up

Keep the rubber bands for return packing! We have included additional rubber bands if needed.

Posts are inserted into hands in the slot with the bend at the top.

Wrap posts into bags, one bag for each end of bundle, tied with a single knot.

Lay the posts flat at the bottom of the box.

Lay hands on top with thumbs facing as shown. 200 hands per box.
